To Whom It May Concern:

I am writing to you with an interest in a full-time position in the public relations and marketing communications career field. I am graduating from Kent State University on May 7, 2011 with a degree in public relations.

My education and experience at Kent State University has shaped me into a young public relations professional. I completed internships with Judith Kelly + Associates, a marketing communications boutique, and at Flash Communications, a student-run public relations agency. I was also chosen by Kent State faculty to create and implement a public relations campaign to create awareness about the 2010 U.S. Census.

During my last semester at Kent State University I will continue gaining experience in my career field by working for AKHIA, a full-service public relations and marketing communications agency.

My experience goes beyond public relations. I was able to gain two-years of reporting and anchoring experience while working for the Kent State University television news station. I am proficient in video editing using Final Cut Pro and audio editing using Audacity.

I have attached my resume for your review. Thank you for the time you have taken to review my qualifications and for the consideration for a position with your company.

Sincerely,
Aubrey Haskins
